## Advantages of Farmers' Participation in the Expo

Farmers can directly meet and talk to the companies, who exhibit their products & services in the stalls and know about the products and their usefulness in shrimp and fish culture.

Companies (Exhibitors) can meet farmer-customers and get their feedback on their products and performance as well as services. This will enable the companies / manufacturers to know farmers' feed back and suggestions to further improve the quality of their products and services.

Every product displayed in Aquaculture Expo and every word spoken in the inaugural session and during the technical interaction are meant for farmers and the culture.

Farmers can also interact with experts on various aspects and get solutions for various problems in Aquaculture. We are creating a **Lounge for Experts - Farmers Interaction** during the exhibition time in the venue.
