## Advantages of Farmers' Participation in the Expo

Farmers can directly meet and talk to the companies, who exhibit their products & services in the stalls and know about the products and their usefulness in shrimp, fish and crab culture.

Companies (Exhibitors) can meet farmer – customers and get the feedback on their products and their performance as well as services. This will enable the companies / manufacturers to know farmers' feed back and suggestions to further improve the quality of their products and serices.

Every product displayed in Aquaculture Expo and every word spoken in the inaugural session and during the technical interaction are meant for farmers and to benefit the culture.

Farmers can also interact with experts on various aspects and get solutions for various problems in Aquaculture.

This Expo is a very good opportunity to the enterprising people who would like to take up Aquaculture as a profession.

**Experts - Farmers Interaction Lounge  
open during the Expo timings in the venue**
